

MEDIATION MECHANICS

Where Conflict Becomes Opportunity

REGISTER OF MEDIATORS APPLICATION

Mediation Mechanics offers accredited mediators the opportunity to add their details on the Mediation Mechanics website by including specific information about the professional and mediation experience of the mediator, and by giving the mediator an opportunity to add their e-mail and website information to their profile.

This service is known as MM Register. The MM Register facility simply aims to enhance Mediation Mechanics accredited mediators' visibility and availability for direct appointment.

The Mediation Mechanics register of mediators is Botswana's single point of reference for professional mediators or specialists in alternative dispute resolution.

Joining our Register demonstrates that you are professionally qualified and maintaining industry standards.

Mediation Mechanics is committed to promoting registered mediators to other members of the profession, customers, employers as well as policy makers, funders and all other stakeholders.

To subscribe to MM Register please complete the following form for addition to the website:

First name*	
Surname*	
City and country in which you are primarily available to mediate*	
Mediator accreditation – tick relevant accrediting body and note date of accreditation alongside*
